1996 Nissan pathfinder stopped running while I was driving it changed both fuel pump and fuel filter but still will not start Put some fuel directly into the intake to make sure it is a fuel problem. If it fires a bit then check for a burned fuse or bad connection.

SOLVED: How to do the drive cycle of a 1996 nissan - Fixya

After a few driving trips, the light should turn off if no potential emission control system malfunction exists. Similarly, other faults once corrected will cause the light to turn off after driving for a short distance. Several Nissan vehicles will require a diagnostic scan tool to reset the light if the problem is more severe.
