Archaeologies Of Vision Foucault And

Archaeologies of Vision will be a landmark work for all scholars of visual culture as well as for those engaged with continental philosophy. From the Back Cover While many acknowledge that Friedrich Nietzsche and Michel Foucault have redefined our notions of time and history, few recognize the crucial role that "the infinite relation" between seeing and saying (as Foucault put it) plays in their work.

Erkki Huhtamo (UCLA) and Jussi Parikka (University of Southampton, University of Turku) have pursued individual routes of inquiry into media archaeology, which has only recently gained critical momentum. Not quite an academic discipline in the strictest sense, yet also not a specific methodology, media archaeology "rummages textual, visual, and auditory archives as well as collections [...]
