## **Back To Normal The Overlooked**

Back to Normal is a nonfiction book about how the big pharmaceutical companies push medications meant for adults onto children, and the way doctors go along with it. This generation of children is more medicated than any other, and the author questions if disorders like ADHD and autism may be overdiagnosed.

Quotes by Enrico Gnaulati. "It has helped me to see more clearly how, as politically incorrect as it may sound, our understanding of "normal" behavior for children has become feminized. We tend to judge boys using standards of behavior applicable to the average girl, not the average boy." — Enrico Gnaulati, Back to Normal: Why Ordinary Childhood Behavior Is Mistaken for ADHD, Bipolar Disorder, and Autism Spectrum Disorder.
