The king is the most important piece in the game of chess. The object of the game is to threaten the opponent's king in such a way that escape is not possible. If a player's king is threatened with capture, it is said to be in check, and the player must remove the threat of capture on the next move. If this cannot be done, the king is said to be in checkmate, resulting in a loss for that player. Players cannot make any move that places their own king in check. Although the king is the most impor
