World-renowned scientist and conservationist Jane Goodall earned her fame by studying chimpanzee feeding habits. But in *Harvest for Hope*, she scrutinizes human eating behaviors, and the colossal food industries that force-feed some cultures' self-destructive habits for mass consumption. It's an unsustainable lifestyle that Goodall argues must change immediately, beginning--not ironically--at a grassroots level.

Harvest for Hope: A Guide to Mindful Eating: Jane Goodall ...

For all of the information included, *Harvest for Hope* is relatively short and undemanding. I recommend this book to everyone. Dr. Jane Goodall does a great job in increasing my awareness of many issues I was not yet made aware. *Harvest for Hope* is a must read for anyone interested in how their health is being affected by our food and water.

About This Book. Renowned scientist and bestselling author Jane Goodall delivers an eye-opening and empowering book that explores the social and personal significance of what we eat. In HARVEST FOR HOPE, Jane Goodall presents an empowering and far-reaching vision for social and environmental transformation through the way we produce and consume the foods we eat.

Harvest for Hope: A Guide to Mindful Eating

In 1977, she established the Jane Goodall Institute to educate young people about conserving chimpanzees and all the other animals of this planet. Most of Goodall's books focus on her progressing studies, however, in Harvest for Hope: A Guide to Mindful Eating, she discusses another issue focusing on human consumption.
