Your IB Biology Course Book : Secondary: Oxford University ...

The book is an excellent course book for both IB standard and higher level biology. It matches the IB course outline quite well and in any case it is also a helpful preparation for the first year of University. (That is if you intend to study Biology or related subjects of course). It is not yet outdated so I'd definetly recommend it to ib students.

IB Higher Level HL Biology notes from unit 5 - Evolution and Biodiversity. I achieved a level 7 in this course using these high-yield in-depth notes. They include course content from the Oxford IB HL Biology textbook Cambridge HL Biology textbook Bioninja and the classroom. These notes go well in-depth into the content and include supplementary information to aid understanding.
