Tim Lebbon’s 2013 Star Wars novel Dawn of the Jedi: Into the Void is difficult to rate or review. First of all, this is a Star Wars novel, because we explore the Force and an early version of the Jedi, called the Je’daii. That’s why I chose this work, I like ancient history, I like Star Wars, so how far back in the series can we go?

'Touching the Void' is a book of two halves. The first half is about Simon and Joe's climb up the mountain and how they coped with various conditions and the second half follows what happens after Joe's accident and how they both get off the mountain. Taking this into account, the second half is far superior to the first.
