Matter Earth And Sky

Matter, Earth, and Sky was the book that opened the mind of this small town to the greater world around it. I always try to make a gift of it to some youngster whose intellect and curiosity are such that I think that they might benefit from it. This copy was in the best condition of any that I have ever received.

When you see a streak of light through the night sky, it's usually a meteor. Sometimes, it's just garbage. This past Tuesday an uncrewed Japanese cargo ship filled with trash (pictured) left the International Space Station and headed into Earth's atmosphere for destructive re-entry, burning up before reaching the surface. It was the final station departure for the series of spacecraft ...
