The Nazi and the Psychiatrist: Hermann Goring, Dr. Douglas ...

In August 1945, an ambitious U.S. Army psychiatrist, Douglas M. Kelley, received a plum assignment: a rendezvous with the men widely regarded as the worst criminals of the century. His task was to maintain the mental fitness of the top Nazi captives, held at a military interrogation center in Mondorf-les-Bains, Luxembourg, until their fates could be determined, and later—at a prison at Nuremberg, Germany—evaluate the mental fitness of

Optioned for screen and stage by Mythology Entertainment, *The Nazi and the Psychiatrist* explores the complex relationship between the American psychiatrist Douglas M. Kelley and his 22 Nazi patients awaiting trial as war criminals in the 1945-46 International Military Tribunal at Nuremberg. As Kelley develops an especially close relationship with the former Reichsmarshal Hermann Göring, he launches an investigation of the essence of evil that eventually proves to be the physician's undoing.

Jack El-Hai's books: The Nazi and the Psychiatrist

The Nazi and the Psychiatrist has yet to be published, but follows the relationship between American psychiatrist Dr. Douglas M. Kelley and Hermann Goering, one of Hitler's closest associates. It is the first account to access Kelley's notes from the period during the Nuremberg Trial, wherein Kelley gained regular

The political abuse of the power entrusted to physicians, and particularly psychiatrists, has a long and abundant history, for example during the Nazi era and the Soviet rule when religious and political dissenters were labeled as "mentally ill" and subjected to inhumane "treatments".

Political abuse of psychiatry - Wikipedia

This is a list of notable Nazi medical doctors. When the Nazi government came to power it purged Germany of its 6,000 to 7,000 Jewish doctors. Reportedly more than 7% of all German physicians became members of the Nazi party during World War II, a far higher percentage than the general population. In 1942 more than 38,000 German doctors, half the total number of

[The Nazi and the Psychiatrist] | C-SPAN.org

Psychiatrist Thomas Szasz fought coercion (compulsory detention) and denied that mental illness existed. Although he was regarded as a maverick, his ideas are much more plausible when one discovers that between 1939 and 1941, up to 100 000 mentally ill people, including 5000 children, were killed in Nazi Germany.

...

The man said he had indeed been an executioner—a hangman who executed Nazi war criminals convicted at the Nuremberg trials. Knowing that Dimsdale was a psychiatrist with an interest in forensics, the man asked Dimsdale to do a forensic autopsy on the convicted Nazis. "You need to study these men," Dimsdale said the visitor told him.
