40% Physical Science. Physical science covers things like motion, technology, and energy. You can think of it as physics. 20% Earth and Space Science. Earth and space science includes the planets and stars, galaxies and the universe, and systems on Earth, like the water cycle. Another way to think about the test is to focus on the skills you need.

GED Science Study Guide 2020 [GED Academy]

The angle of reflection equals the angle of incidence. Explain the wave theory of light, the particle theory of light, and the quantum-mechanical theory of light. The wave theory of light views light as two transverse waves, one made of an oscillating magnetic field and the other an oscillating electric field. The particle theory of light views a ray of light as a beam of individual particles called photons.
