Public choice, or public choice theory, is "the use of economic tools to deal with traditional problems of political science". Its content includes the study of political behavior. In political science, it is the subset of positive political theory that studies self-interested agents and their interactions, which can be represented in a number of ways - using standard constrained utility maximization, game theory, or decision theory. Public choice analysis has roots in positive analysis ...

Filling the void of how to explain the decision-making process of institutional actors in legal settings is Public Choice Concepts and Applications in Law by Maxwell Stearns and Todd Zywicki. Because of its analytic depth, Public Choice Concepts is likely to be recognized as the leading work on the subject for some time.

### "Explaining the Importance of Public Choice for Law" by D ...

I am honored to announce the publication of PUBLIC CHOICE CONCEPTS AND APPLICATIONS IN LAW by my colleague Maxwell Stearns and fellow Dartmouth alum Todd Zywicki. This is the wonderfully rare text that persons in the field ought to consider using when they teach and the rest of us ought to very seriously consider owning (and reading!).

Public Choice Concepts and Applications in Law (2009) (with Todd J. Zywicki). [ Abstract ] Constitutional Process: A Social Choice Analysis of Supreme Court Decision Making (2000) (paperback ed. with new afterword, 2002).

**Profile | Maryland Carey Law**

Public Choice Concepts is a book that focuses on theory, analysis, and case studies rather than edited versions of cases as its primary pedagogical device. This alone should excite students who have read enough cases and yearn for class materials that allow them to begin to apply analysis of their own.

**"Explaining the Importance of Public Choice for Law" by D ...**

• Public Choice applies the methods of economics to the theory and practice of politics and government. This approach has given us important insights into the nature of democratic decision-making. • Just as self-interest motivates people's private commercial choices, it also affects their communal decisions.

**Public Choice - A Primer**

The book drives home the implications of the simple but important public choice insights that government actions can be understood using the same tools of economic analysis that economists have long applied to the private sector, and that political behavior is often just as self-interested as market behavior.
