Remove the damaged paper by cutting it with a razor blade. Cut off just the area that's ripped or punctured. Press down as you drag the razor blade around the damaged spot, then peel the paper off of the wall. If there's any residue or fuzz left on the wall from the back of the paper, wipe it off with a damp cloth.

3 Easy Ways to Fix Wallpaper - wikiHow

After the primer dried, I added paste to the wallpaper piece and to the wall. Then I applied the wallpaper to the wall. I overlapped it slightly on the existing piece so I could double cut through both layers and have a nice smooth edge. Next, I smoothed out the air bubbles and trimmed the edges and cut through the overlapped layers.
