He went to work for Bear Stearns in 1986. As a short seller, Asensio sold companies short he believed to be engaging in fraud, and was noted for publicizing his negative opinions. He made claims of fraud or misrepresentation involving 26 companies as of 2004.

Manuel P. Asensio - Wikipedia

Even though deception has characterized military activities throughout history, there is nothing to suggest that it was considered as other than a fundamental ingredient of strategy or tactics prior to World War II. Indeed, strategy itself carries a strong connotation of deceit or trickery, and stratagem, a derivative, is defined as a trick ...

Cover and Deception - National Security Agency

Guidance on Use of Deception and Incomplete Disclosure in Research The purpose of this document is to assist researchers in addressing issues related to using deception in research with human subjects[1]. Central to the ethical standards governing the participation of human subjects in research is the notion of respect for persons. This principle demands that subjects enter
