Like our Swedish massage, our signature hot stone massage is extremely relaxing but even more invigorating. The Massage Therapist uses the hot stones to massage your body. The heat helps release tension in your back and shoulders so those muscles can be worked on more effectively. The result is deep relaxation and peace.

**Massage | Hand and Stone**  
During a hot stone massage, the therapist heats as many as 50 basalt stones of varying sizes to 120-140 degrees fahrenheit, rubs them over your oiled body, and rests them on top of and beneath you. The therapist places the stones on your stomach, in your palms, and on your back. The stones' warmth enhances the relaxing effects of the pressure.

**Hot Stone Massage Near Me | Spafinder**  
Hot-stone massage benefits In addition to loosening muscles, the heat from the massage stones opens up blood vessels and improves circulation. Improved circulation allows more oxygen to be delivered to the muscles, which helps alleviate aches and pains. Other massage benefits may include:

Basalt is the preferred stone for hot stone massage because of it's unique ability to retain heat for longer periods of time than any other type of stone. This is because natural basalt has a very high iron and magnesium content. Let's imagine a piece of steel that has been exposed to the natural elements for any length of time.
