that strategic management is a system that helps guide and direct a firm, while policies, on the other hand, are merely rules to be followed. Business policies alone are not enough to provide guidance for a firm, they merely tell members of the organization what to do.

How Strategic Management Differs

Online Library Strategic Management And **From Business Policies ...**

This chapter introduces the concept of business policy and strategic management. With the increased competition, the management of business has acquired strategic dimension. All professionals, including the Chartered Accountants, working towards growth of their businesses must possess sound
