2.1 KEY CONCEPT: Reader-Centred Writing - Technical ...

Technical writing is an audience-centered means of communication that provides a reader with clear and easy access to information. In the business world, time equates to profit, and profit is the force behind all business interaction. The technical writer and reader have a vis-à-vis relationship.

What is Technical Writing? |

File Type PDF Technical Communication A Reader

Centered **Technical Writing**

Designing Reader-Centered Pages and Documents. You build your communications out of visual elements: the dark marks of your words, sentences, and paragraphs against the light background of the page, as well as your drawings and graphs and tables. Your readers see the visual design of these elements before they read and understand your message. And what they see has a powerful effect on the success of your communications, on its usability and persuasiveness.
