The Icon Project Architecture Cities

Whereas in the past monumental architecture often had a strong public component, the urban ziggurats of today are emblems and conduits of capitalist globalization. In The Icon Project, Leslie Sklair focuses on ways in which capitalist globalization is produced and represented all over the world, especially in globalizing cities. Sklair traces how the iconic buildings of our era-elaborate shopping malls, spectacular museums, and vast urban megaprojects--constitute the triumphal "Icon Project ...
