i liked The Sherwood game. it broght a new sort of light to the ficitional robin hood books. its a great mix of robin hood story and science fiction. its failing was the was it used a litte to much computer tech jargon. i didn't understand parts of it and i got confused. that's why i only gave it 4 stars. other then that is was a great book.

Robin Hood: The Legend of Sherwood continues to travel on that same beaten path, but with an English medieval spin to it. Unfortunately, while Robin Hood isn't a bad game, it doesn't match up very well with Desperados, and it seems curiously flat and unimaginative, especially after the slick, over-the-top feel to Desperados.
