The Sources Of Modern Architecture

An excellent primer on the 19th and early 20th century sources of Modern Architecture, but a little thin when it comes to the underlying theories that set the stage for the movement that began after WWI. Pevsner starts with the British Arts and Crafts Movement and ends with the Deutscher Werkbund, which the Arts and Crafts Movement inspired.

The sources of modern architecture and design (1968 art ...

Modern architecture, or modernist architecture, was an architectural style based upon new and innovative technologies of construction, particularly the use of glass, steel, and reinforced concrete; the idea that form should follow function (functionalism); an embrace of minimalism; and a rejection of ornament. It emerged in the first half of the 20th century and became dominant after World War ...

As with other modern movements in literature, art, and music, modern architecture is believed to come from the Enlightenment and new technological abilities developed out of the Industrial Revolution. Modernity is also read as a reaction to eclecticism and the lavish, detail-oriented styles of the Victorian era and later Art Nouveau.
