Unwin Student Pack Analysing Architecture

As a professor who teaches first year architecture students, Simon Unwin's 'Analysing Architecture' is required reading - a primary textbook for our students. Beautifully illustrated with drawings from the author's own notebooks, it also manages to balance legibility with depth: this is a superbly lucid primer on the fundamental principles of architecture.

Analysing Architecture: Unwin, Simon: 9780415719162 ...

Analysing Architecture offers a unique 'notebook' of architectural strategies to present an engaging introduction to elements and concepts in architectural design. Beautifully illustrated throughout with the author's original drawings, examples are drawn from across architectural history (from primitive places to late 20th century structures) to illustrate analytical themes and to show how drawing can be used to study architecture.
